

No: _____

Date: ____/____/____

* Reverse Integer

Integers \rightarrow 32 bits

max $\rightarrow 2^{31} - 1$ (Integer Max Value)

min $\rightarrow -2^{31}$ (Integer Min Value)

max = 2147483647

min = -2147483648

If greater than
7, then obviously
greater than or equals
to min last digit
